DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: None of the prior art references teach (alone or in combination) all the limitations together, within the independent claims 1, 12 and 13. For example, the independent claims contain limitations, within a certain environment of issuing a notice that the requested data is unavailable on the server and the notification includes a queuing indication for notifying the client, of the request, of a particular time window of availability. The request for data is requested, from the queue during that time window. Applicants' arguments [filed 6/16/05, pg 10] are considered persuasive to the limitations of this claim over the prior art of record. Examiner agrees that the limitations of the independent claims are allowable subject matter over the prior art, in light of the specification, with the serve setting a particular time window of availability of the requested data. Most prior art handle a denied request by issuing a wait time to the client. The wait time counts down while the instant application has a time window, which is set. Also, most prior art has the client retrying the request after the wait time, while the instant application has the request stored in a queue [Specification, page 2, lines 7-20 and page 9, line 12 – page 10, line 19]. Therefore, the combination of the limitations, within its environment, is allowable subject matter, in light of the specification and in view of the Applicants' persuasive arguments. The independent claims 1, 12 and 13 (and their dependent claims) are allowable, since the claim language discloses this combination of limitations in accordance with the specification, over the prior art of record.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1-20 are allowed.
